

Dear Pastor,

I want to recommend a young couple for you to consider as missionaries representing your church. They are Blake and Haylee Muscott. I have known both of them since they were children (Haylee is my daughter) and they are of the highest Christian character. They both possess a great zeal for the Word of God and evangelism and are a gifted couple in many areas of ministry. They can be trusted to do what they are sent for because they have already been practicing for years the things that will be required of them as missionaries. They are also opening a door of evangelism that very few Baptist Churches are involved in. Please pray and consider supporting this young couple as an extension of your church to the thousands of seamen across the world. It will be money well invested for eternity.

For His Sake Alone,

Pastor Ledford Hodges
