Greetings:

It is my pleasure to write you this letter on behalf of Blake and Haylee Muscott as they embark on their deputation. This good couple has an open door to spend their days giving the gospel to sea-faring men and women from all over the world through a ministry established on the docks of Norfolk, Virginia.

I have known Blake since he was just a young boy. He has had a love for Jesus and a desire to serve him throughout his growing years. He is now a well-mannered, hard-working, and dedicated Christian. He has a good working knowledge of the scriptures, has been a delightful help in our church, and a willing participant in our outreach ministries.

Haylee was raised in a pastor's home and has been true to the Lord since her youth. Part of her preparation for the ministry was serving as the Dean of Women and West Coast Baptist College. Her husband has her full support in this endeavor.

We happily commend this couple to the work of the gospel and send them forth without a single reservation.

If you have any questions or need any additional information please contact me.

Yours in Christ Jesus,

Pastor James W. Knox
